**Inventory:** All solicitor license types located in the State of Missouri are required to report inventory balances of untaxed bottled product. Click on the Inventory tab.
**Alcohol Type:** You will be required to report an inventory balance for each alcohol type i.e., liquor, malt and wine. If you have no liquor gallons to report, just click the Save button at the bottom of the screen. A box will show up on the bottom of your screen showing all zeros for the alcohol type you entered. If all alcohol types are zero you would do this same step for the other alcohol types.
To report inventory balances you will enter the following information.

**Bulk:** The instate solicitor license does not allow bulk product. The boxes below bulk will always be zero.

  - **Transaction Gallons:** Report the total gallons sold to a wholesaler. This total will automatically fill from the invoices entered under the Invoice Entry page.

Once all information is entered and verified click the Save button at the bottom of the page. You should receive a Save Successful message and the record will appear at the bottom of the screen.
If there are any calculation errors or if the beginning balance does not match what you ended the previous month with you will receive an error message and are required to correct the mistakes and then save the record again.

After all information is save you click on the Submit tab at the top of the screen.
Submit: If no sales were reported you will see zero balance due.

If sales were reported the screen will show pending excise tax due.

Review the information and if everything is correct click Submit.
A message box appears stating: “This action is final. No further submissions for the selected license and tax period combination will be accepted.” Click OK.

Your envelope must be postmarked **on or before the 15th** of the month to avoid late fees automatically being assessed.
